

Table of Contents

Part I	Caries: Aspects on Minimal Intervention	
Chapter 1	Fluoride in Caries Prevention and Remineralization of Partially Demineralized Enamel and Dentin E. Newbrun	19
Chapter 2	Management of Primary Root Carious Using a Dentifrice with a High Fluoride Content A. Baysan and E. Lynch	37
Chapter 3	The Use of Ozone for the Management of Primary Root Carious Lesions A. Baysan, E. Lynch and M. Grootveld	49
Chapter 4	What is Absence of Caries? E. Kidd and A. Banerjee	69
Chapter 5	A Pharmaceutical Approach to the Management of Root Caries E. Lynch and A Baysan	81
Chapter 6	Effects of Mild Chemical Treatments on Sound and Carious Dentin Surfaces M. Goldberg	105
Chapter 7	The Atraumatic Restorative Treatment (ART) Approach J.E. Frencken and C.J. Holmgren	123
Chapter 8	Esthetic Direct Restorative Materials E. Ehrnford	137
Chapter 9	The Use of Tissue-Preserving Methods – Patient Perspectives: The "Average" Patient D. Ericson	145
Part II	Chemomechanical Caries Removal	
Chapter 10	Development of a Tissue Preserving Agent for Caries Removal R. Bornstein and D. Ericson	153
Chapter 11	Chemical Mode of Action of Carisolv™ S. Dahlin	167
Chapter 12	Surface Chemistry after Caries Removal with Carisolv™ or Burrs A. Arvidsson	177

Chapter 13	SEM Analyses of Dentin Surfaces A. Arvidsson, L. Carlsson	185
Chapter 14	Topographical Analyses of Tooth Surfaces after Carisolv™ Treatment A. Wennerberg and A. Arvidsson	189
Chapter 15	Reactions of Oral Mucous Membranes to Carisolv™ A. Wennerberg	195
Chapter 16	The Effect of Carisolv™ on Pulp Tissue C. Young	201
Chapter 17	Antibacterial Action of Carisolv™ S. Kneist and R. Heinrich-Weltzien	205
Chapter 18	Clinical Research I. Herrmann and P. Henry	221
Chapter 19	Multicenter Studies U. Brodin and M. Zimmerman	235
Chapter 20	The Use of Carisolv™ at a University Clinic D. Ericson	243
Chapter 21	The Use of Carisolv™ at the Clinic of a Private Practitioner S. Toreskog	253
Chapter 22	Deep Cavities R. Heinrich-Weltzien and S. Kneist	263
Chapter 23	Root Surface Caries S. Fure	275
Chapter 24	Carisolv™ in Modern Pediatric Dental Care H. Raber and M. Grindefjord	285
Chapter 25	Carisolv™ in Pediatric Restorative Dentistry J.C. Ramos and M.J. Silva	293
Chapter 26	Maintaining Fragile Barriers M. Zimmerman	315
Chapter 27	Carisolv™ Treatment in Mentally Disabled Patients G. Molina	325
Part III	Future Perspectives	
Chapter 28	Caries Prevalence and Trends: The Global Scene D. Bratthall and J. Ramanathan Stjernswärd	337
Chapter 29	Future Perspectives R. Bornstein and D. Ericson	347
Chapter 30	Cariology of the Future: Diagnostic and Therapeutic Strategies N. Strömberg, I. Johansson and C. Källestål	357
